MS in Research Administration/Certificate in International Research Administration Management

advanced.jhu.edu/academics/certificate-programs/international-research-administration-management/ (<https://advanced.jhu.edu/academics/certificate-programs/international-research-administration-management/>)

Students pursuing an MS in Research Administration may obtain an additional credential by completing courses that lead to the Certificate in International Research Administration Management. This combined credential will prepare graduates for careers in managing international sponsored projects and international contracting. Students can complete this program with only five additional courses, for a total of 17 courses to complete the degree and the certificate.

Students interested in enrolling in the Certificate in International Research Administration Management are required to submit an application for the MS in Research Administration degree and be admitted into the program. Students must specify in their application that they are only seeking the Certificate in International Research Administration Management. The certificate requires one required course and four elective courses for a total of five courses to complete the certificate. If the student is in good standing and decides to pursue the MS in Research Administration, they may transition into the degree program by notifying the Director of the MS program and submitting a Change of Program application to the registration office.

Admissions Criteria for all Advanced Academic Programs (<http://e-catalog.jhu.edu/arts-sciences/advanced-academic-programs/enrollment-services/admission/>)
