BIOTECHNOLOGY, MASTER OF SCIENCE/MBA

MS in Biotechnology / MBA

advanced.jhu.edu/biomba (http://www.advanced.jhu.edu/biomba/)

Johns Hopkins University offers a dual degree graduate program that prepares bioscience professionals for success in both the science and business of biotechnology. Drawing from the strengths of the Krieger School of Arts and Sciences and the Carey Business School, this innovative program allows students to earn two advanced degrees in less time than it takes to earn them separately. Dual degree recipients receive both diplomas upon completion of both programs: one from the Krieger School of Arts and Sciences, and one from the Carey Business School.

Admissions Criteria for all Advanced Academic Programs (http://e-catalog.jhu.edu/arts-sciences/advanced-academic-programs/enrollment-services/admission/)

Program Requirements

The program requires 60 credits, 42 credits (30 credits Flex MBA Business Foundation and 12 credits of electives) for the MBA. Course scheduling allows for completion of the MBA portion of the program in 30 months. Students must complete the MBA portion within six years. A waived course must be replaced with an equivalent number of credits in an advanced course. Dual degree recipients receive both diplomas upon completion of both programs.
