STUDENT ACCOUNTS

Student Accounts

For general inquiries about student accounts, specifically receipt of payments, refunds, online tuition payments, financial holds, 1098-T forms, collections, company billing, and more, please call the Student Accounts Office (SAO) at 410-234-4755 or request support through SEAM's online form (https://support.sis.jhu.edu/case/).

There are multiple tuition payment options. Follow the guidelines to ensure that your tuition is received and any financial aid refunds are disbursed.

Tuition Payments and Penalties

Students with approved financial aid should elect to be electronically billed and will be responsible for any charges not covered by their award. Students enrolled in a Johns Hopkins Carey Business School program should see Schedule A (https://carey.jhu.edu/student-experience/services-resources/student-accounts/schedule-a/) for billing periods and a payment due date. A late payment fee of $250 will be assessed if payment is not received by the due date. Students who choose the monthly payment plan may use Schedule B (https://carey.jhu.edu/student-experience/services-resources/student-accounts/schedule-b/) as a payment guide.

Students with outstanding balances will receive financial holds. A financial hold prohibits students from registering for future courses and receiving services until the balance is paid in full. Students with a financial hold may also be prohibited from participating in Carey-sponsored events, activities, or excursions. Payments from students seeking to register may be kept and applied against prior obligations to the university. Delinquent accounts turned over to the collection agency may be assessed a penalty fee, in addition to the outstanding debt.

Pay your bill electronically

Students are required to have a current Johns Hopkins University email address and a valid Johns Hopkins Enterprise Directory. Notification of outstanding tuition balances will be sent electronically to your Johns Hopkins email account.

Billing statements are emailed the second Wednesday of each month if activity has occurred since the last billing cycle. Students are required to make payment upon notification of this bill or if there is an outstanding balance. Balances not paid by the due date will be assessed a $250 late payment fee. Paper statements are no longer mailed to students.

In order to ensure receipt of your bill, you should update your email address in SIS. For our current billing periods and due dates, see Schedule A.

Pay your account online

The fastest way to have your tuition payment credited to your student account is to pay via SIS Self Service (https://sis.jhu.edu/sswf/). You can make payments online or view your student account. #Full-time and part-time students can only use the electronic check option when paying their tuition online.

If you submit a paper or electronic Automatic Clearing House check that is returned by the bank, you will be charged a $35 returned check fee, placed on financial hold, and may be removed from courses for which you are currently registered. Diplomas may be withheld, and you will be prevented from registering for future courses until payment is secured.

Pay with a check by mail

Checks for tuition and fees should be made payable to Johns Hopkins University and should reference the student’s Hopkins/Person ID. Payments can be mailed to the Student Accounts Operations Team:

Johns Hopkins University
Student Accounts Operations
Garland Hall B75
3400 N. Charles Street
Baltimore, MD 21218

Paying by check authorizes the school to electronically debit your account. Once the transaction has been completed, the actual check will be destroyed, and checks will not be returned.

If you submit a paper or electronic ACH check that is returned by the bank, you will be charged a $35 returned check fee, placed on financial hold, and may be removed from courses for which you are currently registered. You will be prevented from registering for future courses until payment is secured. Payments from students seeking to register may be kept and applied against prior obligations to the university.

**Refunds**

**Tuition refund from dropped or canceled courses**

Students who become eligible to receive a refund as a result of a dropped or canceled course will be issued a refund to the original method of payment. The following exceptions apply:

- Wire transfer or Western Union payments will be refunded in the form of a check, unless otherwise requested.
- Institutional aid awards will be evaluated accordingly for dropped or canceled courses.
- Financial aid awards will be evaluated for a student refund according to financial aid eligibility requirements.
- Johns Hopkins employee tuition remission will receive a remission benefit reversal of 100 percent. Tuition remission does not cover tuition costs from courses not completed. Please see the Benefits Office for more information.

**Financial aid refund**

Once all tuition and fees have been covered by financial aid, students are eligible to receive a refund of the excess aid that remains on their account. If you do not wish to receive a refund, please contact the Student Accounts Office or Financial Aid to discuss your options through SEAM’s online form. Otherwise, the credit balance will be sent to BankMobile and refunded to you according to your selected refund preference. Johns Hopkins University students may be eligible to receive refunds resulting from credit balances in their student accounts. A Title IV credit balance must be refunded as soon as possible, but no later than fourteen (14) days after the credit balance occurred. All students, please be sure to review and update your address in SIS. This can be done by logging into SIS Self-Service.

**Financial aid**

Financial aid at the Carey Business School refers to a broad range of scholarship, grant, and loan programs. When students apply for financial aid, they are generally applying for all of the potential programs for which they might be eligible. Based on the eligibility guidelines for each program, available funding, and the student’s own financial resources, students will be offered one or more types of aid. The basic premise behind financial aid is that students (and their families where applicable) are responsible for paying for college costs to the extent that they are able. Financial aid supplements each student’s own financial resources.
