ENGLISH LANGUAGE PROGRAM

English Language Program

The English Language Program (ELP) offers courses for students to polish their English proficiency inside and outside of the classroom in academic, professional, and social contexts. These courses are created in-house and tailored to the needs of Carey students. They focus on intercultural understanding, as well as on developing fluency and confidence in English. In addition, the ELP offers opportunities for cultural and language exchange, one-on-one conversation and fluency tutoring, and workshops to enhance academic language skills. Contact the ELP office at CareyEnglish@jhu.edu (careyenglish@jhu.edu) for more information.

English Language Requirement

Students who are admitted to Carey with an ELP requirement will be enrolled in ELP courses for four terms or until a waiver is granted based on proficiency.
