GRADUATION

Graduation

A student who expects to receive a degree or certificate must submit an Application for Graduation Form and graduation fee of $175. If earning both a certificate and a degree in the same academic year, only one graduation fee of $175 needs to be paid. In order to graduate and receive a diploma for completion of a degree or certificate program, students must first have applied to and been admitted into that same program(s) prior to applying to graduate.

Students who are planning to graduate should apply for graduation using the online graduation application form available through SIS Self-Service. The link to the application is in the Registration menu under Program of Study Information. A copy of the graduation form is also available outside of SIS self-service at: https://education.jhu.edu/student-resources/office-of-the-registrar/forms-and-petitions/.

All students, regardless of whether or not they plan to attend the ceremonies, need to complete this application for graduation approval. Students must complete separate applications for each degree and/or certificate they expect to receive. Students who have submitted the Application for Graduation will receive a confirmation email from SIS. Their names are then placed on the tentative graduation list for the semester in which they anticipate completing their degree/certificate requirements.

Students who are planning to graduate should complete all coursework on time and should not request or receive the grade of “I” (incomplete) during their final semester.

GPA

Master's and certificate students must maintain a cumulative grade point average of at least 3.0 (on a 4.0 scale) to retain eligibility for financial aid and to receive approval for graduation. Doctoral students must maintain a cumulative grade point average of at least 3.25 (on a 4.0 scale) to receive approval for graduation.

Time Period

Unless indicated otherwise, students enrolled in master's or certificate programs have a maximum of five years to complete their degree. With the exception of transfer credits, all credits applied towards a degree or certificate must have been earned within five years prior to the point a student becomes eligible to graduate. Any request for an exemption to this policy—for example, extending the time period allowed to complete a degree/certificate—must be submitted in writing by the student to and approved by the Vice Dean for Academic Affairs (or designee). Prior to submitting a formal written request to the Vice Dean (or designee) for an exemption, students are encouraged to discuss matters first with their faculty adviser.

Please note that School of Education records are sealed thirty (30) days after the conferral of a degree. After this date, no changes will be made to a student's academic record. Therefore, it is imperative that students verify all information on their academic record and request any corrections be made before this date.

Graduation Eligibility

Coursework

Once admitted to a degree or certificate program in the School of Education, students must complete all coursework at Johns Hopkins University, except with prior written approval from a faculty adviser. Exceptions are rarely given (see Transfer of Graduate Credits) (https://ecatalogue.jhu.edu/education/admission/).

Students who are planning to graduate should complete all coursework on time and should not request or receive the grade of “I” (incomplete) during their final semester.
