

COMPUTER SCIENCE, POST-MASTER'S CERTIFICATE

Admission Requirements

Applicants who have already completed a master's degree in computer science or a closely related technical discipline, such as electrical and computer engineering or applied and computational mathematics, are eligible to apply for the Post-Master's Certificate in Computer Science.

Program Requirements

Five courses must be completed within five years. Four of the five courses must be from the Computer Science program as listed throughout the Courses section (<https://e-catalogue.jhu.edu/engineering/engineering-professionals/computer-science/computer-science-master/#requirements>), and at least two of these courses must be at the 700-level. Only grades of B– or above can be counted toward the post-master's certificate. Students are allowed to take one elective.

Focus Areas are not applicable for students pursuing certificates. All course selections outside of the Computer Science program requirements are subject to advisor approval.
