Dear Students,

The most successful engineers are those who never stand still when it comes to their education and their careers. Rather, it is those engineers who are committed to remaining at the forefront of their professions, who strive continuously to be well versed in the latest technologies, and who have the ability to continuously learn how their fields are evolving and which skills and knowledge are necessary to stay ahead of the curve who will achieve success.

At the Whiting School of Engineering, our Engineering for Professionals programs provide these motivated working engineers—in our region and around the world—with the tools and experiences necessary to enhance their education in ways that will have a direct positive impact on their professional lives.

We provide our engineering students with academic offerings of the highest quality, with all the value and prestige of a Johns Hopkins education. The breadth of our degree and certificate programs, the real-world experience of our faculty, and our state-of-the-art instructional methods enable us to provide students with unparalleled opportunities. At Engineering for Professionals, you will learn from experienced working professionals and outstanding academic faculty. These instructors speak directly to the applications of the course work you will study and continually improve and update content to encompass the very latest in both the theoretical understanding and applications in their areas of expertise.

In addition to the tremendous academic opportunities you will be afforded by enrolling in a Johns Hopkins Engineering for Professionals program, as a student here, you also will become part of a remarkable community. As a student and, later, as an alumnus, you will be a member of the uniquely successful Johns Hopkins family, connected forever to the traditions and achievements of one of the world's most esteemed academic research institutions.

Congratulations on choosing Johns Hopkins.

Sincerely,

Ed Schlesinger
Benjamin T. Rome Dean
Whiting School of Engineering

Important 2020-2021 Dates

Summer 2020
- First Day of Classes: May 26th
- Last Day of Classes: August 18th
- Graduation Application Date: August 1st
- Holidays: July 4th
- Registration Opens (10am): March 26th
- Final Day to Add: 2nd class meeting
- Final Day to Add for Online Courses: June 2nd
- Official Transcripts Submission Deadline: June 8th
- Withdraw/Audit Deadline: Ninth Class Meeting
- Tuition Payment Deadline: June 10th

Fall 2020
- First Day of Classes: August 31st
- Last Day of Classes: December 15th
- Graduation Application Date: December 1st
- Holidays: September 7th, October 13th, November 23rd - 29th
- Registration Opens (10am): July 9th
- Final Day to Add: September 6th
- Final Day to Add for Online Courses: September 6th
- Official Transcripts Submission Deadline: September 13th
- Withdraw/Audit Deadline: November 6th
- Tuition Payment Deadline: September 16th

Spring 2021
- First Day of Classes: January 25th
- Last Day of Classes: May 11th
- Graduation Application Date: April 25th
- Holidays: March 15th - 21st
- Registration Opens (10am): October 29th, 2020
- Final Day to Add: January 31st
- Final Day to Add for Online Courses: January 31st
- Official Transcripts Submission Deadline: February 7th
- Withdraw/Audit Deadline: April 3rd
- Tuition Payment Deadline: February 10th

Graduation Dates
The Whiting School of Engineering Master’s Diploma Ceremony is Tuesday, May 25, 2021.
The University-Wide Commencement Ceremony is Thursday, May 27, 2021.

Contact Information
Johns Hopkins Engineering for Professionals
3400 North Charles Street
Wyman Park Bldg, 3rd Floor West
Baltimore, MD 21218-2608

Admissions/Registration  410-516-2300
Locations
Applied Physics Laboratory  240-228-6510
Homewood Campus  410-516-8000
University System of Maryland at Southern Maryland (formerly SMHEC)  301-737-2500
Student Services
Disability Services  410-516-2306
Financial Aid (146 Garland Hall)  410-516-8028
Information in this catalog is current as of publication in March 2020. For all updates, please visit ep.jhu.edu (https://ep.jhu.edu/).

The university reserves the freedom to change without notice any programs, requirements, or regulations published in this catalog. This catalog is not to be regarded as a contract. Multiple means of communication may be used by the university for announcing changes of this nature, including, but not exclusive to, e-mail and/or paper notice. Students are responsible for providing current e-mail and mailing address information to the university administrative offices.

---

## Engineering Administration

### Whiting School of Engineering

**T. E. Schlesinger**  
Benjamin T. Rome Dean  
**Sridevi Sarma**  
Vice Dean, Graduate Education

---

**Harry K. Charles Jr.**  
Associate Dean, Non-Residential Graduate Education

### Johns Hopkins Engineering for Professionals

**Dan Horn**  
Associate Dean

**Paul Huckett**  
Assistant Dean, Learning Design and Innovation

**Mary Kay LeMay**  
Assistant Dean, Marketing and Communications

**Marielle Nuzback**  
Senior Director of Operations

**Charise Bell**  
Director, Marketing and Recruitment

**Nathan Graham**  
Director, Center for Digital and Media Initiatives

**Tim Jarrett**  
Director, Software Engineering

**Abby Lattes**  
Director, Communications

**Doug Schiller**  
Director, Admissions and Student Services

**Sandra Altman**  
Admissions Manager

**Doug Bulkley**  
Registration Manager

**Natalia Ishmeneva**  
Financial Manager

**Heather Stewart**  
Academic Affairs Manager

**Allison Leventhal**  
Project Manager/Student Disability Services Coordinator

### Applied Physics Laboratory Education Center

**Harry K. Charles Jr.**  
Education Center Group Supervisor and Program Manager

**Christine M. Morris**  
Partnership Manager

**Tracy K. Gauthier**  
Education Center Operations Coordinator

### Graduate Program Chairs

**Hedy V. Alavi**  
Program Chair, Environmental Engineering  
Program Chair, Environmental Engineering and Science  
Program Chair, Environmental Planning and Management

**David Audley**
Part-Time, Online Graduate Programs (Engineering for Professionals)

Michael Betenbaugh
Program Chair, Chemical and Biomolecular Engineering

Patrick Binning
Program Chair, Space Systems Engineering

Harry K. Charles Jr.
Program Chair, Applied Physics

Jaafar El-Awady
Program Chair, Mechanical Engineering

Timothy Galpin
Program Chair, Engineering Management

Eileen Haase
Program Chair, Applied Biomedical Engineering

Ashutosh Dutta
Program Chair, Electrical and Computer Engineering

Andrew Merkle
Program Chair, Systems Engineering

John Piorkowski
Program Chair, Artificial Intelligence
Program Co-Chair, Data Science
Program Chair, Information Systems Engineering

Alan Ravitz
Program Chair, Healthcare Systems Engineering

Rachel Sangree
Program Chair, Civil Engineering

James C. Spall
Program Chair, Applied and Computational Mathematics
Program Co-Chair, Data Science

James Spicer
Program Chair, Materials Science and Engineering

Lanier Watkins
Program Chair, Computer Science
Program Chair, Cybersecurity

Graduate Programs

Graduate students in the Johns Hopkins Engineering for Professionals (JHEP) program constitute one of the nation’s largest student bodies in part-time engineering education at the master’s-degree level. JHEP courses are continually updated for relevance, addressing industry trends and the latest advances in engineering and applied science fields. Most courses are offered online to afford working professionals the opportunity to advance their education at their convenience. Select courses are also offered on-site in the late afternoon or evening Monday through Thursday. Students receive individual attention from their advisors and instructors and benefit from small classes and well-equipped laboratory, computing, and classroom facilities.

The university is accredited by:
the Middle States Commission on Higher Education
3624 Market Street
Philadelphia, PA

19104-2680
215-662-5606

The Master of Science in Engineering in Systems Engineering program is accredited by the Engineering Accreditation Commission (EAC) of ABET, http://www.abet.org (http://e-catalog.jhu.edu/engineering/engineering-professionals/20http://www.abet.org). Applicants need to hold a degree by a program accredited by the EAC of ABET in order to be admitted to the Master of Science in Engineering degree program. Students admitted without a Bachelor of Science degree from an EAC of ABET-accredited program or who did not complete the prerequisites that meet all of the EAC of ABET-accreditation requirements for attainment of student outcomes and for sufficient math, science, and engineering design at the Bachelor of Science level will receive a regionally accredited Master of Science degree.

Degrees and Certificates

The Johns Hopkins University offers a variety of degrees and certificates to students in the Whiting School of Engineering. Requirements for each discipline are detailed in the individual program listings in this catalog.

Master of Science

Master’s

Programs are offered in Chemical and Biomolecular Engineering, Civil Engineering, Engineering Management, Environmental Engineering, Materials Science and Engineering, and Mechanical Engineering.

Master of Science in Engineering

One program is offered in Systems Engineering.

Joint Degree

A joint degree in Bioinformatics is offered by Johns Hopkins Engineering for Professionals and the Zanvyl Krieger School of Arts and Sciences Advanced Academic Programs. The administration is handled by the Zanvyl Krieger School of Arts and Sciences, and applications for admission to the Master of Science in Bioinformatics must be submitted directly to the Zanvyl Krieger School of Arts and Sciences at bioinformatics.jhu.edu.

Graduate Certificate/Post-Master’s Certificate

These certificates are awarded upon completion of a select number of courses of graduate study within one of the master’s degree discipline areas.

Non-Degree-Seeking Students

Students who wish to enroll in courses but are not interested in pursuing a degree or certificate may enroll as Special Students.

Online Learning

Johns Hopkins Engineering for Professionals has offered online courses since 2001, consistently delivering a unique educational experience.
that is both academically rigorous and highly practical. Johns Hopkins Engineering for Professionals’ online programs complement the busy schedules of today’s practicing engineers and scientists by allowing students to pursue studies face to face, online, or via a combination of both formats. Courses are consistently being developed for online delivery. The following programs can be completed fully online:

- Applied Biomedical Engineering
- Applied and Computational Mathematics
- Applied Physics
- Artificial Intelligence
- Civil Engineering
- Computer Science
- Cybersecurity
- Data Science
- Electrical and Computer Engineering
- Engineering Management
- Environmental Engineering
- Environmental Engineering and Science
- Environmental Planning and Management
- Financial Mathematics
- Healthcare Systems Engineering
- Information Systems Engineering
- Materials Science and Engineering
- Mechanical Engineering
- Space Systems Engineering
- Systems Engineering

Our custom-built online programs and courses are designed using state-of-art technology and learning tools that create an interactive and engaging online learning experience. Delivered asynchronously, our online courses also include live synchronous time with the course instructor(s) and fellow students. Prospective and current students should consult online learning (https://ep.jhu.edu/programs-and-courses/program-pathways/online/) for the current online course offerings, course schedules, and procedures for online programs.

**Online Course Registration**

Online course registration adheres to the same schedule followed by on-site courses. Enrollment is granted on a first-come, first-served basis, and new and returning online students are strongly encouraged to register early. The deadline for adding online courses is two weeks after the first day of classes each term. See the Academic Calendar (https://ep.jhu.edu/student-services/academic-services/academic-calendar/) for exact dates for each term.

**Virtual Live Format**

This format is a combined in-person and online course-delivery method. In-person class sessions are held synchronously with a virtual live session, serving local students as well as those students who are unable to attend in person but prefer a synchronous “live” class. The virtual student participates via a web-conferencing tool enabling two-way communication and live video feed with the in-person class.

**Online Student Support Services**

Johns Hopkins Engineering for Professionals makes every effort to provide online students access to a full range of services and resources comparable to those available to students taking on-site courses. Online students can register, pay their tuition, receive academic advising, purchase course textbooks, access Johns Hopkins University library holdings, view transcripts, and access grades and various other academic services all online. Once admitted, students gain access to the Johns Hopkins portal site, myJH (https://my.jh.edu/portal/web/jhupub/), which provides quick access to many of these services.

**Master’s Programs**

- Applied and Computational Mathematics, Master of Science (http://e-catalog.jhu.edu/engineering/engineering-professionals/applied-computational-mathematics/applied-computational-mathematics-master-science/)
- Applied Biomedical Engineering, Master of Science (http://e-catalog.jhu.edu/engineering/engineering-professionals/applied-biomedical-engineering/applied-biomedical-engineering-master-science/)
- Applied Physics, Master of Science (http://e-catalog.jhu.edu/engineering/engineering-professionals/applied-physics/applied-physics-master-science/)
- Artificial Intelligence, Master of Science (http://e-catalog.jhu.edu/engineering/engineering-professionals/artificial-intelligence/master-of-science/)
- Chemical and Biomolecular Engineering, Master of Chemical and Biomolecular Engineering (http://e-catalog.jhu.edu/engineering/engineering-professionals/chemical-biomolecular-engineering/chemical-biomolecular-engineering-master/)
- Civil Engineering, Master of Civil Engineering (http://e-catalog.jhu.edu/engineering/engineering-professionals/civil-engineering/civil-engineering-master-civil-engineering/)
- Computer Science, Master of Science (http://e-catalog.jhu.edu/engineering/engineering-professionals/computer-science/computer-science-master/)
- Cybersecurity, Master of Science (http://e-catalog.jhu.edu/engineering/engineering-professionals/cybersecurity/cybersecurity-master-science/)
- Data Science, Master of Science (http://e-catalog.jhu.edu/engineering/engineering-professionals/data-science/data-science-master/)
- Electrical and Computer Engineering, Master of Science (http://e-catalog.jhu.edu/engineering/engineering-professionals/electrical-computer-engineering/electrical-computer-engineering-master/)
- Engineering Management, Master of Engineering Management (http://e-catalog.jhu.edu/engineering/engineering-professionals/engineering-management/engineering-management-master/)
