

PHYSIOLOGY

The Department provides instruction in cellular, organ, and human physiology for graduate students in physiology, and elective opportunities for research in physiology. These courses are open to qualified students at the School of Medicine, house staff, fellows, and members of the staff.

Graduate Program

Students are accepted for graduate work leading to the degree of Doctor of Philosophy.

Program Requirements

Code	Title	Credits
First Year		
ME.360.720	Organ Physiology	4
ME.360.728	Pathways and Regulation	4
Other Courses and Elective Opportunities		
Elective courses must be approved by the Director of the Cellular and Molecular Physiology Graduate Program.		
ME.360.800	Research	4
