

# ADVISING

---

## Academic Advising

All degree and certificate students are assigned an advisor to serve as a resource for information gathering, decision making, and program progression. In the DNP and PhD programs, Faculty Advisor assignments will be made according to the student's program and area of focus. Students will be notified of their advisors prior to orientation. In MSN Programs, professional academic advisors are assigned. Students are ultimately responsible for ensuring they are registered on time and for the correct classes.
