

PEDIATRIC DUAL PRIMARY/ ACUTE CARE NURSE PRACTITIONER, DNP ADVANCED PRACTICE TRACK

This track prepares the student to practice at an advanced nursing level to provide family-centered evidence-based pediatric care to children from birth through adolescence. Pediatric Nurse Practitioners who are prepared in primary care (PC) and acute care (AC) are educationally prepared to care for patients across the entire continuum of pediatric health and illness and in a variety of care settings. Certified PNP-AC/PC nurses provide care to healthy and children with chronic, common and complex acute, critical, and life-threatening illnesses and make a difference across a continuum of care settings by providing the highest level of evidence-based care, often in the face of rapidly changing patient conditions. PNP-AC/PC certified nurses provide the initial, ongoing, and comprehensive care to patients in a variety of settings as a PNP-PC (<https://e-catalogue.jhu.edu/nursing/doctoral-degrees/dnp/pediatric-primary-care-nurse-practitioner-dnp/>) and as PNP-AC certified advanced practice nurse that can manage critical, emergent, and chronically ill patients across the spectrum. PNP-AC/PC can assess, identify, diagnose, treat, and manage critical, acute and chronic illnesses, and are responsible and accountable for providing evidenced-based preventative health care, including health promotion and wellness, disease prevention, and patient and family-centered health holistic health education and counseling. It is a program requirement for candidates to have at least one year or more of Acute-Care inpatient pediatric nursing experience, upon application to the program.

The development of the curriculum is based on:

- The Essentials: Core Competencies for Professional Nursing Practice (2021)
- The National Organization of Nurse Practitioner Faculties (NONPF) NP Role Core Competencies (2022)
- The National Task Force (NTF) Quality Nurse Practitioner Standards for Quality Nurse Practitioner Education, 6th ed. (2022).
- The Pediatric Nursing Certification Board (<https://www.pncb.org/cpnp-pc-exam-resources/>) (PNCB) PNP-PC certification exam outline (2023)
- The Pediatric Nursing Certification Board (<https://www.pncb.org/cpnp-ac-exam-resources/>) (PNCB) PNP-AC certification exam outline (2023)

Certification: Graduates are eligible to apply for the Pediatric Nursing Certification Board's Pediatric Acute Care (<https://www.pncb.org/cpnp-ac-certification-steps/>) (CPNP-AC) and Pediatric Primary Care (CPNP-PC) certification exams (<https://www.pncb.org/cpnp-pc-certification-steps/>):
