## Health Insurance for Students

All students in degree and certificate programs are required to have health insurance coverage. The University will provide information about its student health insurance plan. Students will be automatically enrolled in the Student Health plan but can waive insurance with proof of comparable insurance. More information can be found at the University Health Benefits website (<https://jhu.mycare26.com/>).

All full-time, on campus, degree-seeking students will have access to University Student Health Services. University Student Health provides students with adult primary care and adult outpatient mental health services.
