PROFESSIONAL ATTIRE POLICY

Agreements and contracts with clinical agencies dictate that student nurses follow a specific dress code. With this in mind, all students are required to wear uniforms at all clinical settings, including the School of Nursing labs, and in any international setting. The uniform requirements may be modified at specific sites so that students are in compliance with clinical site policy. Please be mindful of the fact that as a student you are representing Johns Hopkins School of Nursing (JHSON) at all of your clinical sites.

Students must have uniforms available the first week of their initial term.

- The School uniform, patch, name pin, and identification badge will be worn by an individual when functioning in the student role. A student may not wear a School uniform in an employment situation.
- Students must wear the official lab coat and professional attire when visiting a clinical setting to review patient assignments, etc.
- When a lab coat is worn, the name pin must be attached.
- Short white lab coats are not permitted.
- Sneakers, canvas shoes, and Crocs are not permitted. Shoes must be non-permeable.
- No casual attire is permitted in any work setting at any time (i.e. jeans, shorts, sweatshirts, T-shirts, sandals.)
- All scrub tops and lab coats must have the JHSON patch sewn on the left upper sleeve.
- Many community health sites require that students wear dark shoes.
- The long white lab coat may be worn on professional attire in some situations, to be determined by faculty.
- Students with special uniform needs pertaining to cultural or religious requirements should see the Program Director before purchasing uniforms. Accommodations may be made for the student’s cultural or religious obligations.
- If scrubs are not required, the long white coat may be worn over professional attire in most situations. The JHSON uniform, name pin, and identification badge must be worn by an individual when functioning in the student role.
- Only one small post earring in each ear is allowed in clinical areas. Dangling or hoop earrings and bracelets are prohibited. Jewelry must be removed from any other visibly pierced location, including the tongue. Either a watch with a second hand or a digital watch that can be removed from any other visibly pierced location, including the tongue.
- All tattoos must be covered.
- Hair must be worn above the collar or tied back securely with a small clip or band. Large hair bows or scarves are not permitted. Extreme hair colors are not permitted. For cultural or religious purposes, a solid navy blue, black, or white head-covering may be worn with the uniform scrubs. Men may have beards and mustaches if trimmed neatly. Facial stubble is not permitted.
- Fingernails should be clean, trimmed to no longer than 1/4 inch beyond fingertips, and with either pale or no polish. Fingernails are to be free of ornaments. Fingernail polish is to be free of chips. Artificial fingernails or other nail enhancements are not permitted because of documented outbreaks of infection due to gram negative bacteria associated with artificial nails.
- Makeup, if worn, must be applied in moderation to enhance the natural features and create a professional image. Glitter, sequins, and false eye lashes (including lash extensions) are prohibited.
- For patient and staff health and comfort, the use of all scented products, such as perfume, cologne, after-shave, hairspray, or lotions, are prohibited as they may have adverse effects on patients, visitors, and other employees.

Name Pin, ID Badge, and Uniform Emblem

Name pins are ordered through the Matthews Johns Hopkins Medical Book Center and must be worn on the upper right portion of the uniform. A fee will be assessed for replacement of a name pin. The JHSON picture ID badge is obtained during the orientation process. The picture ID badge should be worn at all times in class or clinic; the name pin should be worn when in a clinical setting.

For MSN Entry into Nursing, the standard uniform consists of the following as determined by a specific course:

- Navy blue uniform pants
- Navy blue uniform skirt
- Navy blue scrub top
- White scrub top
- Black, navy, or white shoes (non-permeable)
- Long white lab coat that includes School of Nursing emblem on the left sleeve and school name embroidered on left breast worn over professional attire.

Students will be notified about the required clinical attire for their specific clinical site by their clinical instructor before the clinical course begins.

All students:

If scrubs are not required, the white lab coat may be worn over professional attire in most situations. The JHSON uniform, name pin, and identification badge must be worn by an individual when functioning in the clinical role.

Uniforms and pins are available from:

You have three options for purchasing uniforms.

- Matthews Book Center – Pricing/Ordering (https://www.webmedbooks.com/hopkinsnursing/default2.aspx)
- Women's Board – Pricing/Ordering (http://www.hanoveruniform.com/sites/hopkins/)

Improper Uniform

Faculty members will tell an improperly dressed student to leave the clinical setting and return in proper uniform. The lost clinical time cannot be rescheduled, and a clinical warning may be issued.
