

INTERNATIONAL HEALTHCARE MANAGEMENT AND LEADERSHIP, CERTIFICATE

International Healthcare Management and Leadership Certificate Program

Please note: This certificate program is no longer admitting students.

EDUCATIONAL OBJECTIVES

Upon completion of the certificate program in International Healthcare Management and Leadership, the individual will be able to:

1. Evaluate and interpret major themes, issues and trends in global healthcare
2. Apply principles and practices of financial analysis and management in the healthcare field
3. Identify HIT tools and methods for evaluating the quality and effectiveness of health services and population health management
4. Utilize principles of strategic management and competitive analyses to support strategy development for healthcare organizations
5. Use evidence-based principles to analyze business issues and manage complex operations in an international healthcare setting.

Admissions

Contact information and complete certificate program admissions information are available on the certificate program page (<https://publichealth.jhu.edu/academics/international-healthcare-management-and-leadership-certificate-program/>) on the Bloomberg School of Public Health website.

Sponsoring Department

Health Policy and Management

Requirements for successful completion

The certificate program requires a minimum of 18 term credits. All required and elective courses must be taken for a letter grade; a minimum grade of C is required in all certificate coursework, and students must maintain a 2.75 or better overall GPA for all certificate coursework. The certificate program length is flexible; it varies from student to student. However, the certificate program must be completed within three years.

The student should review the section of the website that addresses completion (<https://publichealth.jhu.edu/academics/certificate-programs/requirements-for-successful-completion-of-a-certificate-program/>) before completing certificate program requirements. The student's transcript will not indicate that the certificate was earned until the Notification of Completion has been submitted, verified by the certificate program, and processed by the Registrar.

COURSE OF STUDY

Please note this certificate program is no longer admitting students.

Students should check the BSPH course directory (<https://publichealth.jhu.edu/courses/>) to confirm when the courses are offered. Students should also check for prerequisites and whether instructor consent is required.

Code	Title	Credits
PH.550.860	Academic & Research Ethics at JHSPH (All students are required to complete this online noncredit course in their first term of study)	
Required Courses: Students must complete the following 18 credits of coursework
