

LEADERSHIP FOR PUBLIC HEALTH AND HEALTHCARE, CERTIFICATE

Leadership for Public Health and Healthcare

Please Note: Certificate program may be completed entirely online

OVERVIEW

The Leadership for Public Health and Healthcare certificate program provides evidence-informed coursework specific to leading change through teams and collaboration, strategic decision-making, and the ability to foster a learning environment. This certificate program is intended for public health and healthcare professionals who seek to enhance their skills and confidence to inspire, motivate, and influence change. Graduates of the certificate program will gain requisite skills enabling them to be more effective change agents and leaders within networks focused on improving health and healthcare delivery.

The program can be completed completely online and is designed for full-time students and part-time working professionals who wish to build or enhance knowledge and practice essential leadership skills for the 21st century.

EDUCATIONAL OBJECTIVES

The Leadership Certificate program will prepare current and future health practitioners, researchers, policymakers, and scholars to create ethical and diverse organizational cultures and craft and communicate a shared vision and values to inspire and motivate others to work effectively in understanding the impact of public health issues and implementing evidence-informed, sustainable solutions. Graduates of the Leadership Certificate will be equipped to: lead the responsible development of new knowledge, new ways of saving lives, and improving health to further progress across core disciplines in science, technology, public health, and medicine in Maryland and beyond.

Admissions

Contact information and complete certificate program admissions information are available on the certificate program page (<https://publichealth.jhu.edu/academics/leadership-for-public-health-and-healthcare-certificate-program/>) on the Bloomberg School of Public Health website.

REQUIREMENTS FOR SUCCESSFUL COMPLETION

Please note: Certificate program may be completed entirely online

The certificate program requires a minimum of 18 term credits. All required and elective courses must be taken for a letter grade; a minimum

grade of C is required in all certificate coursework and students must maintain a 2.75 or better overall GPA for all certificate coursework. The certificate program length is flexible; however, the certificate must be completed within three years.

The student should review the section of the website that addresses completion (<https://publichealth.jhu.edu/academics/certificate-programs/requirements-for-successful-completion-of-a-certificate-program/>) before completing certificate program requirements. The student's transcript will not indicate that the certificate was earned until the Notification of Completion has been submitted, verified by the certificate program, and processed by the Registrar.

COURSE OF STUDY

Students should check the Bloomberg School course directory (<https://publichealth.jhu.edu/courses/>) to confirm when the courses are offered. Students should also check prerequisites and whether instructor consent is required.
