- Population, Family and Reproductive Health, MSPH (http://e-catalog.jhu.edu/public-health/departments/population-family-reproductive-health/population-family-reproductive-health-msph/)
- Population, Family and Reproductive Health, PhD (http://e-catalog.jhu.edu/public-health/departments/population-family-reproductive-health/population-family-reproductive-health-phd/)

Departmental Seminars
Departmental Seminars PFRH holds a noon seminar series every Wednesday 1st through 4th term. PFRH students are required to attend. The schedule of seminars will be sent in advance via email to all PFRH students and listed in the JHSPH Weekly Calendar. All graduating master’s students are required to make a presentation of their thesis results in a formal academic setting, which may include the departmental noon seminar or a professional meeting.

PFRH Teaching Assistant Policy
The Department of Population, Family and Reproductive Health supports full-time graduate students serving in the role of teaching assistants (TA). The department values the educational and learning experience that students gain through participating as a TA in addition to providing monetary compensation to them. The department classifies TA positions into 2 levels: 1.0 FTE TA and 0.5 FTE TA. The expectation for time commitment as well as monetary compensation differs for the two levels. Part-time students are not eligible for TA positions due to FLSA rules.

Information about current TA positions will be sent to students throughout the year. Typically, students should have already taken the course in order to be a TA. Students wishing to serve as a TA in a course should meet with the course instructor prior to agreeing to serve as a TA and discuss the nature of the course as well as the faculty member’s expectations. Both should discuss the responsibilities of the TA as well as the tasks the department deems beyond the scope of the TA to be sure there are no misunderstandings about roles. The expected number of hours/week as well as preparation needs should also be addressed. Once a student and faculty member have agreed, they both must sign the TA agreement form; students submit it to the department’s payroll office.

The number of hours that a TA actually works may vary substantially from course to course, but it is generally expected that a TA will begin work approximately two weeks prior to the start of the course and continue to work at least 10 days beyond the last class session or until grades are submitted. 1.0 FTE TA is expected to attend each class session. 0.5 FTE TAs may or may not be required to attend class sessions.
