Compliance Line

November 19, 2018

The mission of Johns Hopkins University is to educate its students and cultivate their capacity for life-long learning, foster independent and original research, and bring the benefits of discovery to the world. In service to this mission, the university strives to promote an environment of integrity, ethics, and safety. All members of the Johns Hopkins community are expected to uphold these standards, which is why the Johns Hopkins Compliance Line was established. This independently administered hotline allows for anonymous (if desired) reporting of serious concerns or violations of any kind. Examples include violations of regulations for scientific and scholarly actions and breaches of student life policies. Any possible risk involving non-compliance with a law, regulation, or policy should be reported by calling the Compliance Line at 1-844-SPEAK2US (1-844-773-2528) or by submitting a report online (<https://johnshopkinsspeak2us.tnwreports.com/>).
