

MASTER'S PROGRAMS

Master's Degree Admission Requirements

Applicants must submit an application for admission, the non-refundable application fee, and all other required supporting documentation (such as letters of recommendation, essay, and resume), along with official transcripts from all post-secondary colleges or universities attended. Materials submitted to Admissions will not be returned to the applicant.

Applicants to graduate degree programs must hold a bachelor's degree from an accredited college or university. Academic records from non-U.S. institutions must be evaluated by an authorized credential evaluation agency (see list in the *International Credential Evaluation* section of this catalogue for suggested agencies). Additionally, the admission process may include an interview. Some programs may require an in-person interview while other programs will allow for virtual interviews or interview videos uploaded with the application.

Additional materials are required for international student admission. Please see the *International Student Admission Policy* section for details.
