BIOMEDICAL ENGINEERING

Graduate programs and courses in Biomedical Engineering

The Department of Biomedical Engineering hosts two graduate programs; the School of Medicine Graduate Program leading to the Ph.D. degree is described here (https://e-catalogue.jhu.edu/medicine/graduate-programs/biomedical-engineering-phd/), and the Whiting School of Engineering Graduate Program leading to the M.S.E. in Biomedical Engineering is described here (https://www.bme.jhu.edu/academics/graduate/masters-programs/masters-program/). Course work in the Graduate Programs is available to qualified medical students on an elective basis. All Biomedical Engineering courses are listed in the University's SIS catalogue (https://courses.jhu.edu/?terms=Summer+2023), and have course numbers beginning with EN.580.
