PEDIATRIC DUAL PRIMARY/ ACUTE CARE NURSE PRACTITIONER, DNP ADVANCED PRACTICE TRACK

This track prepares the student to practice at an advanced level to provide evidence-based family-centered care to children from birth through adolescence. PNPs prepared in primary care (PC) and acute care (AC) are educationally prepared to care for patients across the entire continuum of health and illness and in a variety of care settings. Certified PNP-AC/PC nurses provide care to healthy and children with complex acute, critical, and life-threatening illnesses and make a difference across a continuum of care settings by providing the highest level of evidence-based acute care, often in the face of rapidly changing patient conditions. PNP-AC/PC certified nurses provide the initial, ongoing, and comprehensive care to patients in a variety of settings including private offices, community clinics, newborn nursery, schools and in specialtybased areas that manage chronically ill patients across the spectrum. PNPs assess, diagnose, and treat critical, acute and chronic illnesses and are responsible and accountable for providing evidenced-based preventative health care, including health promotion, disease prevention, and health education and counseling. It is a program requirement for candidates to have at least one year or more, of Acute-Care inpatient pediatric nursing experience, upon application to the program.

The development of the curriculum is based on:

- The Essentials of Doctoral Education for Advanced Practice Nursing (AACN, 2021)
- The National Organization of Nurse Practitioner Faculties (NONPF)
 NP Role Core Competencies (2022)
- The National Organization of Nurse Practitioner Faculties (NONPF)
 NP Core Competencies with Curriculum Content (2017)
- The National Organization of Nurse Practitioner Faculties (NONPF)
 Population-Focused Nurse Practitioner Competencies: Pediatric
 Acute Care (NONPF, 2013)
- The National Organization of Nurse Practitioner Faculties (NONPF)Statement on Acute Care and Primary Care Certified Nurse Practitioner Practice (NONPF, 2012)
- The National Task Force Criteria for Evaluation of Nurse Practitioner Programs (2022)
- The National Task Force (NTF) Quality Nurse Practitioner Standards for Quality Nurse Practitioner Education, 6th ed. (2022).

Certification: Graduates are eligible to apply for the Pediatric Nursing Certification Board's pediatric acute care and pediatric primary care certification exams: http://www.pncb.org/ptistore/control/exams/pnp/steps/).

Pediatric Dual Primary/Acute Care Nurse Practitioner Track-Specific Curriculum

Code	Title	Credits
NR.110.645	Advanced Pediatric Acute Care Topics and Procedures	3
NR.110.646	Advanced Pediatric Acute Care Topics	3

Total Credits	25	5-28
NR.210.637	Clinical Practicum III: Pediatric Nurse Practitioner (168CL)	3
NR.210.636	Clinical Practicum II: Pediatric Nurse Practitioner (112CL)	2
NR.210.635	Clinical Practicum I: Pediatric Nurse Practitioner (112CL)	2
NR.210.634	Clinical Reasoning V - Topics for Pediatric Nurse Practitioner Practice	2
NR.210.633	Clinical Reasoning IV-Clinical Management for the Pediatric Nurse Practitioner: Problems Specific to the Newborn/Infant	2
NR.210.632	Clinical Reasoning III: Acute Complex Problems with Gender and Behavior Health (with variations)	2
NR.210.631	Clinical Reasoning II-Clinical Management for the Pediatric Nurse Practitioner. Chronic Illnesses in Pediatrics	2
NR.210.630	Clinical Reasoning I - Clinical Management for the Pediatric Nurse Practitioner. Common Acute Illnesses in Pediatrics	2
NR.110.649	Advanced Pediatric Acute Care Topics and Roles	1
NR.110.648	Pediatric Primary/Acute Care Practicum (56-224CL)	1 - 4

Program of Study

DNP Advanced Practice Track: Pediatric Dual Primary/ Acute Care Nurse Practitioner Program of Study: 4-year plan
