

LETTERS OF RECOMMENDATION

Letters of Recommendation

Students who need letters of recommendation should contact faculty directly. Requests for letters of recommendation should be sent a minimum of 14 business days prior to the time the letter is needed. Letters of recommendation prepared by part-time faculty must be co-signed by a full-time faculty member familiar with the student.

For clinical recommendations, requests for letters of recommendation should be made at the end of the clinical rotation. Requests should be directed to the clinical instructor/preceptor and/or clinical course coordinators.
